

Outdoor Run (Type D)

Important: Provided measurements should be exact to the item being covered and should not include any extra allowance. As standard, we add a tolerance of +25mm (1in) to width and depth ensure a comfortable fit. We do not add any extra allowance to the height.

Tip: Please Supply Photos

We recommend you include photos of the item we're covering so we can get a clear understanding of the project from the outset.

Required measurements

A

Height to top of frame at low end

B

Depth of run

C

Width of run section

Notes

Note: This guide is for measuring individual flat panels — screens and tarpaulins — that fit over the exposed mesh areas of a run. It is not for a full five-sided cover that encloses the whole run. If that's what you need, use our full run cover guide instead.
