How to measure

Umbrella *(Cantilever)*

Important: Provided measurements should be exact to the item being covered and should not include any extra allowance. As standard, we add a tolerance of +25mm (1in) to width and depth to ensure a comfortable fit. We do not add any extra allowance to the height.

Tip: Please Supply Photos

We recommend you include photos of the item we're covering so we can get a clear understanding of the project from the outset.

Required measurements

A — Total width at base

B — Total height

C — Distance between cantilever and peak
